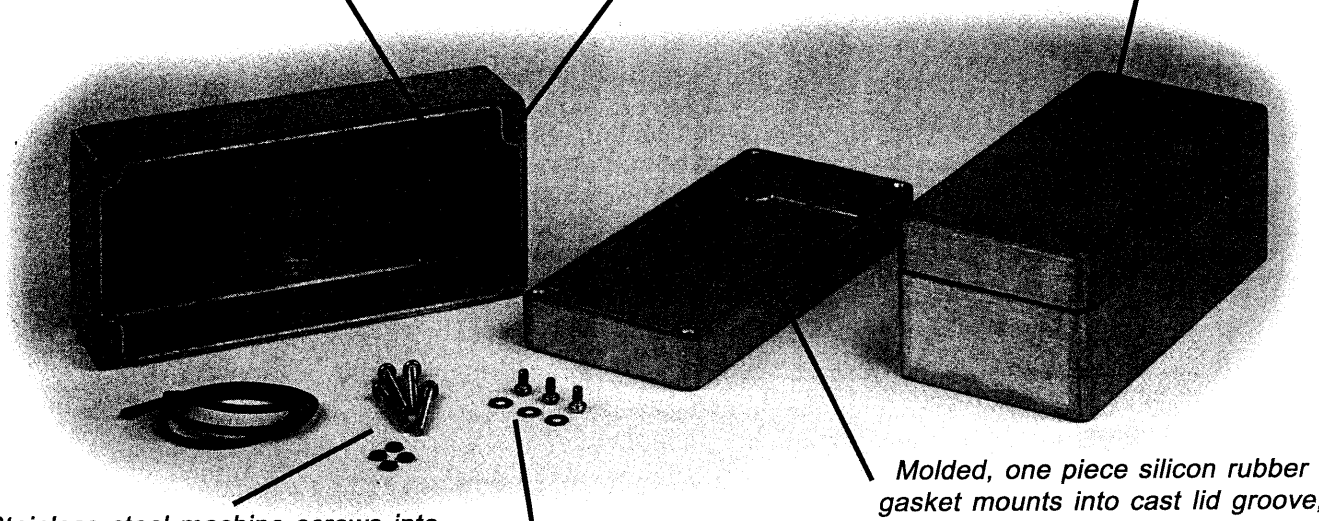
Without Mounting Shelf



KEY FEATURES

- Rugged, diecast aluminum alloy (tough yet easy to machine), electronic instrument enclosure.
- "Tongue & groove" construction with a molded, one piece silicon rubber gasket provides protection against access of dust and water. Ideal for repetitive opening and closing.
- Four recessed stainless steel machine screws secure lid into tapped holes. Screws are self captivating using either individual neoprene "O" rings (outside the lid gasket seal) or using screw captivating lid.
- Designed to meet IP65.
- Painted version is designed for outdoor applications, they are painted inside and out with a tough polyester powder paint. Choice of grey (RAL 7001) or black
