

DataTraveler 108

Flip, store and share more!

Kingston's new DataTraveler® 108 USB Flash drive is small and slim enough to fit anywhere while protecting your data. Its capless design features a USB plug protected by an aluminium cover that flips when you need to access your data. And its handy key loop lets users transform this stylish drive into a fashion accessory with the use of a lanyard.

DT108 comes preloaded with urDrive[1] software that features easy-to-use file management to help with file search, folder creation, renaming, sorting and capacity tracking. It also has a built-in Photo Viewer, Web browser, music player and online storage.

DataTraveler 108 is also a great promotional item for your organisation; it's simple to add your logo to increase your brand recognition.

DataTraveler 108 is backed by a five-year warranty and legendary Kingston® reliability.
