Description

The Keysight E7792AZ tie kit for the E3662B 2.0 m rack is used to join two or more racks together to create a multi-bay configuration. The tie kit attaches the columns of adjacent racks together, and cosmetic panels complete the multi-bay solution with a cosmetic finish.

The E7792AZ is compatible with the Keysight E3662B rack.

- Attractive quartz gray color
- All mounting hardware included
